**SEQUA CORPORATION BOARD OF DIRECTORS NAMES
GERARD M. DOMBEK
AS PRECOAT METALS CHIEF EXECUTIVE OFFICER**

ORANGEBURG, NEW YORK, December 9, 2014 – Sequa Corporation today announced that Gerard M. Dombek, currently President of its Precoat Metals business, has been named President and Chief Executive Officer by the Sequa Board of Directors.

“As an industry thought leader Jerry’s strategy and vision have led Precoat Metals’ success and significant growth,” said David L. Squier, Chief Executive Officer, Sequa Corporation. “As President and CEO of Precoat Metals he will drive the business to new heights through his passion for innovation and continuous process improvement.”

Precoat Metals is a U.S.-based supplier of metal coating products that serve multiple industries including consumer goods, packaging, appliance manufacturing, housing and construction, and garage and entry door manufacturing.

Under Dombek’s leadership the company grew to become the largest metal coating supplier in the U.S., with 13 metal coil coating facilities strategically located throughout the US.

Dombek joined Precoat Metals in 1975 and since then has held several leadership positions, bringing expertise and excellence to a wide range of positions. Earlier he was Vice President, Operations, and prior to that served as Director, Manufacturing and Operations. He held other leadership roles in the organization.

He is a member of the National Coil Coaters Association and served two terms on its Board of Directors. He is also a member of the Metal Service Center Institute. He graduated from the University of Missouri, Rolla, (now the Missouri University of Science and Technology) with a Bachelor of Science degree in engineering management.

###
